

Koala habitat logging in Bermagui Forest is on again soon!

This koala was photographed less than 3 years ago a short distance from where logging will start in a few weeks.

Logging of critical coastal forest koala habitat was suspended by the former Government until after the State election because of community opposition. The O'Farrell Government plans to start again in the next few weeks.

Contact NSW politicians. Tell them to stop the logging:
■The Hon Robyn Parker, Minister for the Environment, 9228 5253, office@parker.minister.nsw.gov.au
■The Hon. Andrew Constance, MP, Member for Bega, 6492 2056, bega@parliament.nsw.gov.au

Bermagui Forest Tour

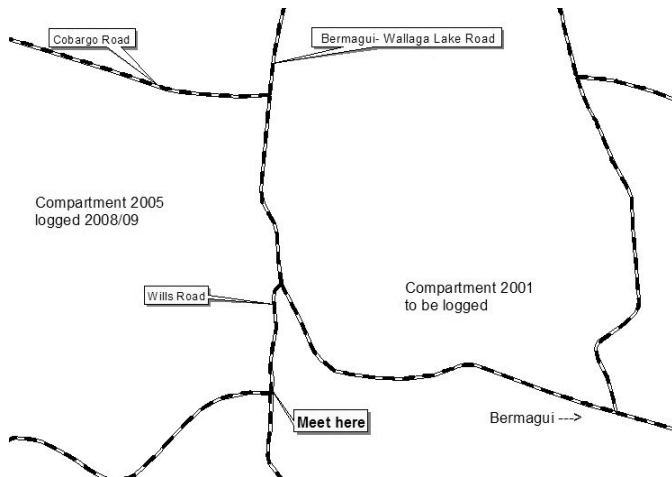

Come on a guided tour of the area logged in 2008-09 & see that a forest is more than just trees to log. See the degradation that has occurred, then visit the area soon to be logged. Hear about real forest ecology, not the PR spin you get from Forests NSW.

When: Saturday 25th June at 2pm

Where: Wills Rd, off Bermagui-Wallaga Lake Rd, 4km north of Bermagui.

Signs will direct you from Bermagui-Wallaga Lake Rd

What to bring: Sturdy shoes and an open mind

South East Forest Rescue, Chipstop, Friends of Five Forests & South East Region Conservation Alliance
