

Some more details of our Mumbulla fun in the forest morning next Sunday 16th May.

"Blockade - the musical" will have its world premiere; a compilation of satirical songs about logging and loggers, written by prominent singer/ songwriter and forest activist Lisa Stone, with well known singers and musicians from around the region, including many Mumbulla forest blockaders. After some initial difficulty casting the roles of police, loggers and State Forest Officers, all roles have now been filled. *It has a happy ending!*

Anthem to the koala. The first performance of this anthem based on a poem by Chris Allen and put to music by well known conductor and choirmaster Geoffrey Badger. A large choir has been assembled especially for this occasion with some regular blockaders and an employee from the woodchipping industry among its members.

Tathra women's choir. After their acclaimed performance on Mumbulla Creek Road in front of a line of log trucks and utes a week ago, see: http://www.youtube.com/watch?v=x_qYP_J4neA we can't wait to hear more from this fabulous group (blockaders among them too!)

Speakers from the blockades. Join campaigners and local community supporters for stories from the campaign and find out how you can help.

Performances will take place in an amphitheatre in the forest in an area saved from further logging because it is an Aboriginal place, a reminder of why many of us have spent the past 6 weeks in Mumbulla trying to protect the koalas and the forest. Follow the signs. Best to enter from Clarkes Rd (via Greendale bridge from the Princes Hwy).

Note: this event is not being promoted in the media, so if you know someone who may be interested in attending, please pass on this invitation. Some morning teas and lunches will be available in the forest or you may wish to bring your own. Or you can leave in time to have lunch somewhere else. *Don't forget:* BYO seat if you need one.

SAVING THE MUMBULLA KOALAS.

Watch 'world's best practice koala killing'
