

The Hon Dr Mike Kelly AM MP

FEDERAL MEMBER FOR EDEN-MONARO

Ms Heather Kenway
South East Region Conservation Alliance (SERCA)
PO Box 724
NAROOMA NSW 2546

Dear Ms Kenway

Thank you for your email of April 23, providing me a copy of the submission by the South East Region Conservation Alliance on the proposal by South East Forest Exports to establish a biomass power plant at Eden. I have read your submission with interest and consider that its arguments demand a response.

I share your concerns about the ongoing health and sustainability of the South-East forests. I have written to the NSW Minister for Climate Change and the Environment, expressing my concerns about the proposal and perceived deficiencies in the assessment of its environmental impact. I will let you know his response as soon as I receive it.

Thanks again for providing information on this important matter. If there is any Federal Government matter I can assist you with, please do not hesitate to contact this office.

Yours sincerely

Mike Kelly AM MP
Federal Member for Eden-Monaro
